Institutional Distinctiveness

Positioned at the South District of Tripura – a region having combination of multiple tribes (inclusive of the tribal and non-tribal), Michael Madhusudan Dutta College, Sabroom has its own distinctiveness. The institute consists of students of different communities having diverse tradition of culture and history wherein the tribal students' population is the majority. Abiding with the provisions of NEP2020, the institute, in the Academic Year 2023-2024 tackled trials not with standing minimal equipment and infrastructure. In so doing, the Institute stood out in showing exemplary course of action in serving the society to bring down a larger mass of awareness towards individual contributions in building a 'Healthy Nation'. At the same time, the institution provides platform for guiding, exploring and furnishing students capacities in the fields of art, culture, literature, etc. The institute stretches priority in upholding neutrality in all respects for promotion of students' holistic education aiming to keep an impression of fraternity and faith to achieve greater goals.
